and Innovation

Learning Objectives

Assess learning content

Review learning materials

Agenda

Who should perform internal QA

- Self-assessment
 - If possible people should not check their own work
- Main collaborator checks all required elements
- Then per learning unit QA is performed
- All check their corresponding authorship information

Required elements

- **Learning structure check**
 - Table of Content (TOC) of the learner's notebook (Git Book)
- **Syllabus check**
 - All required fields are present in Syllabus body
 - Syllabus content is correct and clearly described
 - Syllabus layout is correct in learners' notebook (HTML view)
 - Syllabus accessibility check reports no issues
 - All required fields are present in Syllabus metadata (MD file)
- Facilitation Guide describes the training setup (before, during and after)
- Correct LICENSE file is used

- **File structure check**
 - Root folder
 - LICENSE
 - resources folder
 - Syllabus
 - Facilitation Guide
 - Feedback
 - Section folders
 - Module folders
 - Learning Unit folders
 - for each Learning Unit folder
 - Activities
 - Assessment
 - Learning Plan
 - Learning Content
 - Slide Deck (if instructor-led)

Learning Unit

- **Learning plan**
 - content adheres to template
 - is aligned with the information provided in the Syllabus
 - links to activities
- **Learning content**
 - adheres to template
 - layout is correct in learners' notebook (HTML view)
 - is clearly written, easy to follow and understand
 - is well aligned with the learning objectives defined in the plan
 - accessibility check reports no issues
- **Activities**
 - have description
 - are relevant for the unit content
 - adhere to template
- **Quiz**
 - questions are relevant for the unit content
 - adheres to GIFT format
- **Slide deck**
 - is aligned with the learning content
 - accessibility check reports no issues
- [Saide tool for reviewing course material](#)
 - Orientation
 - Helping learners learn
 - Accessibility and Layout

Qualitative Internal QA

Analyse the Saide
tool for reviewing
course material

Summary

- Ensure that all relevant learning materials are present and fully developed
- Focus on both aspects
 - Quantitative
 - Qualitative
- Once you are satisfied that all learning materials are to your liking you can proceed to publication
